Wheel Mouse Optical

Mac • Optical • PC • PS/2 • USB

A Logitech best-seller: a high-precision mouse with a scroll wheel and an 800-dpi optical sensor for smooth motion on almost any surface.

Here's a mouse that fits comfortably in either hand and delivers 800-dpi optical precision that's twice as fast and accurate as standard optical mice. It glides across almost any surface without a ball or other moving parts, letting you decide where and how you work. And the scroll wheel makes navigating documents easier and even doubles as a third button.

- A 2X optical sensor-up to 800 dpi
- Three customizable buttons and a scroll wheel
- WebWheel™ software for smarter Internet browsing
- Comfortable in either hand

Optical Precision and Maximum Performance

- Tracks motion optically without a ball
- Optical sensor with up to 800 dpi; twice the speed, twice the accuracy
